NARROWER PROFILE FOR SAFER OPERATION

- Compact profile allows easier transport
- Redesigned counterweights reduce overall width
- Standard axle stabilizer* replaces wheel weights, maintaining industry-leading stability

*Axle stabilizer will use one set of tractor remotes

CUSTOMIZABLE BOOM SENSITIVITY CONTROL

- Adjustable joystick control for fast or precise boom movement as needed
- Excavator-quality components ensures smooth operation on any terrain
- Upgraded Integrated Boom Control (IBC) Smart Screen delivers real-time system diagnostics and is now standard equipment

OPTIONAL HYDRAULIC PUMP CLUTCH

- Hydraulic pump clutch disengages when not in use to reduce wear, heat, and fuel use
- Push-button shutdown instantly stops the pump for added protection and safe roadside servicing
