CUT FAST, CUT RIGHT

TR ROTARY MOWERS

Not every job allows you the luxury of time, but you still need every job done right. Our Tractor Rotary Mowers cut faster than a flail, and cost less to operate.

With two full swinging, heat treated suction knives and a heavier deck, our rotary mowers are built strong to last. Our hydraulic systems provide greater hydraulic power - which results in doing more work, much faster.

SPECIFICATIONS

- IDEAL FOR GRASS AND LIGHT BRUSH
- AVAILABLE CUT WIDTH UP TO 12’
- CONFIGURATIONS SIDE | TWIN

IDEAL APPLICATIONS

- ROADSIDE MAINTENANCE

UNPARALLELED DURABILITY

- Two-blade system delivers a nice, clean cut
- Round disc constructed of 1” thick 50,000 PSI rated steel with hardened and replaceable inserts
- Blades attach with castle nuts, roll pins, and hex bolts providing a 3,000% load bearing surface advantage compared to traditional key style bolts
- Blade Carrier covered by ***5 YEAR WARRANTY***

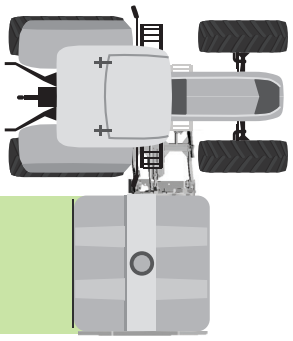

DIAMOND MOWERS SPINDLE

- 35% more bearing surface than competing products and over twice the bearing load rate
- Same self-adjusting bearing used by the rock crushing industry, with a housing twice as thick as its competitors
- Patented replaceable splined insert reduces cost of spindle spline failure by 93%. Plus, it’s a repair that can be made in the field in 30 minutes or less.

AVAILABLE CONFIGURATIONS

ACHIEVE CLEAN, CONSISTENT CUTS

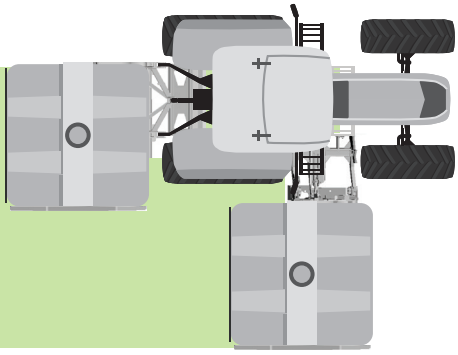

SIDE ROTARY

COVERS AREAS UP TO 72”

FEATURES INCLUDE

- Available cut widths: **60" | 72**
- Hydrualically driven

TWIN ROTARY

COVERS AREAS UP TO 12’
